

All Crop 2022

This publication contains the names of growers and/or seed contractors who are producers and/or contractors of Registered or Certified classes of seed for the varieties listed during 2022. As of November 1, 2022, the date of this publication, fields listed are in the process of being inspected. Some may be completely or partially cancelled or rejected. The final grade for all classes of seed will be dependent upon a satisfactory laboratory analysis of seed lots. Certification standards must be met before certification is completed and tags issued. Certification is void unless a certification tag or Montana Bulk Seed Sale Certificate accompanies the seed. The buyer/seller are responsible for recognizing Plant Variety Protection Act status and Single Use/Certified Seed Only Agreements.
